

#20 - What is the 'unique' contribution of correlated attributes to the consumer's overall impression of a product?

Lotika Savant, Nestlé Nutrition R&D, Fremont, MI

B. Thomas Carr, Carr Consulting, Wilmette, IL; Charles Sturt University, Wagga Wagga, NSW, Australia

Research

Would you like to be able to explain how much of the total variability in overall liking is, for example, due to flavor vs. texture vs. appearance?

To find out how, come visit us at Poster 1049.
